

**Scotland County Schools
Teacher Evaluation Process Cycle of Assistance
Cycle 2 - (Second Semester)**

During this cycle of assistance you should identify evidence to support that you are working towards your Performance Goals for your IGP. Using the Performance Rubric, check off the Performance Descriptors which you have observed. In order to check off a descriptor, the evidence must be observed during lessons or an artifact must be examined to show positive growth in the standard. Do not assume that the standard is being met. Ensure that it is!

Please attach a copy of the North Carolina Teacher Evaluation Process Rubric that demonstrates whether the teacher is at the developing, proficient, accomplished, or distinguished level of their Performance Element(s) that correspond with their Performance Goals.

Below document the evidence that was observed that documents the growth within the standard.

Standard	Element	Performance Rating (D, P, A, DI)	Evidence of Growth	Suggestions for Improvement
		Self Assessment: Cycle 1: Cycle 2:		
		Self Assessment: Cycle 1: Cycle 2:		
		Self Assessment: Cycle 1: Cycle 2:		

Standard	Element	Performance Rating (D, P, A, DI)	Evidence of Growth	Suggestions for Improvement
