Total Hours Required for Graduation= 28

Additional Graduation requirements for the Scotland School of Engineering:

Students must score at Proficiency Level III on Algebra I, Biology, English 9, Civics, and US History End of Course Exams and successful completion of a Senior Project (First time 9th graders of 2006-2007)

Please schedule an appointment with our Guidance Counselor, Mrs. Stubbs, regarding any decision pertaining to requirements for individual student's post-secondary plans.

4 credits in Mathematics are required for the 16 institutions of the UNC University system

-Dual enrollment and Articulation agreements with RCC are available and require at least a "B" in the course; meeting the required score on the RCC admissions' test, and the student must enroll in the articulated program at RCC.

General College transfer courses are also available through RCC; St. Andrews College, and UNC-Pembroke as applicable.

Specific student scheduling may be superceded by Federal Guidelines and Statutes where applicable.
